Forecast for Tuesday 14 Mar 2023

Weather: A mix of clear then brighter spells mixed with snow showers through the day. Best of the brightness expected for the morning, with showers building for the afternoon, some heavy at times. Showers dying away through the evening.

Chance of cloud-free hill tops above 600m: For any given instance 90% at dawn becoming 70% in the afternoon, but limited prospect of prolonged clear spells given the showery nature of the flow.

Low Cloud and visibility: Good or very good becoming poor or very poor in snow showers, virtually nil within cloud with bases lowering 500m infrequently during the afternoon showers.
